

Cell-U-Loss®

Helps reduce the appearance of cellulite.*

Summer fun and bathing suits go together. However, summer inevitably is a time when we become more body conscious—especially if cellulite is a problem. There's simply no way to hide those lumpy ripples on thighs and hips. It can be so bothersome that even wearing a pair of shorts is not an option. That's why millions of dollars are spent every year on liposuction surgery to rid our bodies of this unsightly phenomenon.

But there is another way. Cellulite appears when certain fatty tissues accumulate fluid and waste. To target this condition, Herbalife has developed Cell-U-Loss®, an exceptional vitamin, mineral and herbal tablet that tackles cellulite at its root by reducing fluid accumulation.*

Loaded with vitamin C, an essential vitamin with antioxidant activity, potassium, a vital mineral often lacking in calorie-restricted diets and a combination of natural herbs, Cell-U-Loss® is safe herbal approach.* It also is a convenient way to flush out excess water and toxins, to shrink the fat cells that cause the appearance of cellulite.*

Cell-U-Loss® works even better when combined with Herbalife's Body Buffing Scrub and Body Contouring Creme to tighten and smooth the outer surface of the skin, and Herbalife's Thermojetics® Weight-Management Program to facilitate a low-fat, nutritional regimen. With all this support, you can hit the beach this year looking trim, toned and feeling great without drastic cosmetic procedures!

Discussion Points

- Let nature in: Instead of opting for expensive and painful liposuction surgery, let nature take its course with Cell-U-Loss® to help reduce the appearance of unattractive cellulite.*
- A slimmer, smoother you: Cell-U-Loss® reduces fluid accumulation, an effective way to lessen the appearance of cellulite by smoothing out the rippling effect.*
- Battling cellulite from the inside and out: Cell-U-Loss® works well with Herbalife's Body Contouring Creme and Body Buffing Scrub, which tighten the outer surface of the skin.
- Combine with other products: Cell-U-Loss® can be used in conjunction with the Thermojetics® Weight-Management Programs and Herbalife's entire line of nutritional products.

Did You Know?

The truth about cellulite is that it can affect even the most slim and trim body. Regardless of age, weight or even gender many people develop a dimpling of the skin, a problem so persistent that even a balanced diet and regular exercise cannot completely make it disappear. And, once it occurs, cellulite is impossible to hide.
